Bilateral Meetings

- (10:15 - 12:15) Morning session

Description

Design, production, renovation, revitalization, restoration - Morales | Aussig TM - a small family manufacture - does it all. Whether interior, exterior, furniture, accessories or unique and historical buildings - we work with stone, wood, metal, glass, natural material and non-synthetic material. We rely on traditional methods using modern tools and a profound understanding of materials. We process old wooden beams, granite, solid sandstone, crude steel and iron and use them in modern interiors. We respect the uniqueness of the objects and underline their charm through our work.

Organization Type

Company
