Bilateral Meetings

- (10:15 - 12:15) Morning session

Description

North Denmark EU Office is an association owned and operated by the Region of North Denmark, its 11 associated municipalities and the Greenlandic Sermersooq municipality. The regional office has existed since 1990 with two departments, one located in North Denmark and another close to the European institutions in Brussels. Our main goal is to achieve the development ambitions of North Denmark's municipalities, public institutions, companies and higher educational institutions by promoting activities that foster internationalization, growth and employment. We achieve this by getting involved in international projects and networks, and by establishing contact with international municipalities and companies. North Denmark EU office focuses on four main areas in accordance with the Region's core strengths and therefore has EU Consultants in each area.
